## UNESCO-ICHEI and IIOE

The International Centre for Higher Education Innovation under the auspices of UNESCO (UNESCO-ICHEI) is a UNESCO Category 2 Centre. Located in Shenzhen, China, UNESCO-ICHEI was approved on November 13, 2015, by the 38th General Conference of UNESCO. UNESCO-ICHEI's mission is to meet the local demand for quality higher education resources and to support Asian and African countries to improve the quality of higher education and promote educational equity.

Launched in April 2020, the International Institute of Online Education (IIOE) is a collaborative effort of UNESCO, UNESCO-ICHEI, its partner HEIs, enterprises, and international organisations to accelerate progress to achieve the United Nations Sustainable Development Goal 4 (SDG4). In 2021, IIOE aims to meet the increasing demand for the digital transformation of higher education systems, for securing HEIs after the COVID-19 pandemic. With joint efforts of all partners, IIOE provides opportunities for university teachers, educational professionals, and administrators for their professional development on ICT-related competencies.

## seewo

Founded in 2009, seewo is a pioneer and one of the leading companies in China's interactive intelligent tablet industry with the aim to facilitate and improve teaching. seewo has been providing digital campus hardware tools, digital classroom teaching applications as well as teachers' information-based teaching ability training services for all learning stages to help teachers' professional development.

In May 2021, seewo and UNESCO-ICHEI signed a strategic cooperation agreement and jointly organized a series of webinars focusing on the use of new technologies in teaching and learning.

# About the competition

The combination of information technology and teaching is the current trend for education development. As a core part of the education informatisation process, teacher development is a fundamental guarantee for the global development of education informatisation, in the light of which is born the first IIOE Online Courses Competition.

**The first IIOE Online Courses Competition seeks high-quality online courses from partner universities. It is divided into two parts:**

The IIOE Online Courses Competition	
The Courseware Competition	The Video Course Competition
